

WALLACH®

Wallach works for you.

www.WallachSurgical.com

Wallach works for you.

Wallach Surgical offers industry-leading medical systems and instruments, including colposcopes, cryosurgical and electrosurgical units, digital and Doppler imaging devices, and a broad range of instruments and disposables that keep practices and hospitals running safely and smoothly.

Physicians have relied on our diverse product portfolio for more than 30 years. Moving forward, we are committed to expanding into new technologies, including our acquisition of Summit Doppler and our ongoing research and development efforts.

Multi-Step Magnification Colposcopes – Better Visualization, Versatility, and Stability

WALLACH'S TRIPLE MAGNIFICATION COLPOSCOPES OFFER HIGH RESOLUTION STEREOSCOPIC OPTICAL VIEWING AND A RANGE OF OPTIONS

TriScope™ with Trulight™ – Overhead Suspension Arm for Full Range of Motion

The TriScope colposcope offers enhanced stability and the full range of motion needed to complete exams and perform related biopsies and surgery. With fixed triple magnification, TriScope offers a direct view optical pathway to detect even subtle tissue abnormalities.

- Easily adjusts to 8x, 13x and 21x magnifications
- Adjustable overhead suspension arm ensures optimal hand/eye coordination
- Trulight provides brighter, whiter light without changing bulbs
- High-resolution stereoscopic optical viewing

TriStar™ with Trulight™ – Compact Unit for Space and Budget Conscious

Our TriStar colposcope features a stable five-point base with center post stand to ensure maximum stability with the same high-resolution optical pathway and fixed triple magnification settings available in the TriScope.

- 8x, 13x and 21x magnification provides clear visualization
- Sturdy, compact base saves valuable space
- Trulight LED lighting offers brighter, whiter light without changing bulbs
- High-resolution stereoscopic optical viewing

TriScope and TriStar Accessories

Built-in dual optical beamsplitter attaches digital photographic accessories, video and co-observation teaching tube to the TriScope and TriStar.

Digital USB Video Camera and Adapter

Digital SLR Camera and Adapter

ColpoStar™ 1H Precision Optics, 12x Single Magnification – Accurate, Agile and Affordable

The ColpoStar 1H offers fiber optic halogen lighting that delivers white, cool, clear natural tone tissue illumination for more accurate examination. Optimal single 12x magnification offers a wider field of view and greater depth of field. ColpoStar 1H provides:

- Distortion-free precision stereo optics
- 300mm working distance
- Green filter
- Stable five-point base with center post design, easily maneuvers
- Fine and coarse height adjustments

Wallach Zoom Magnification Colposcopes

ALL WITH CONTINUOUSLY VARIABLE NIKON 4.5 – 20X ZOOM, TRULIGHT LED WITH 20,000+ HOURS OF PURE WHITE LIGHTING, AND AN INDUSTRY LEADING 7 YEAR WARRANTY

ZoomScope™ with Trulight™ – Ergonomic Overhead Suspension Arm for Optimal Viewing

Our premier colposcope offers unobstructed access to the examination site, allowing for optimal viewing. Zoom knobs conveniently located on both sides of the optical head with vertical and horizontal optics adjustment capabilities.

- Stereoscopic continuous 4.5 – 20x zoom Nikon optics for optimal viewing and image magnification
- Trulight LED illuminates target tissue; center Green LED enables detection of vascular patterns
- Optional USB video camera captures images and integrates into EMR systems

ZOOMSCOPE™
with Trulight™

All Wallach Trulight™ colposcopes come with a 7 year warranty.

ZoomStar™ with Trulight™ – Same Quality Optics on a Compact Mobile Stand

ZoomStar offers the same quality optics and features as ZoomScope on an exclusive compact center stand with a spring loaded main shaft for gross height adjustment, with the addition of fine height adjustment.

- Stereoscopic continuous 4.5 – 20x zoom Nikon optics for optimal viewing and image magnification
- Dual zoom knobs on the optical head allow for left or right handed operation
- Convenient fine focus control handle sharpens the image
- USB video camera option

ZOOMSTAR™
with Trulight™

All Wallach Trulight™ colposcopes come with a 7 year warranty.

Digital Management Colposcopic System

With Wallach's PC based digital management solution you can efficiently view, document and manage every colposcopic patient procedure, providing you with significant benefits, including:

- Real-time viewing
- Complete patient records, including past tests and treatments
- Compare and store images and annotations
- EMR image transfer capability
- Password-protected files

Efficiently Document and Manage Every Patient Procedure
